

New England Dermatological Society

October 2, 2021

Hosted by: Yale School of Medicine Department of Dermatology

ONLINE MEETING FORMAT

Patient Case Review and Discussion
Breakout Sessions and Lecture

Dear Member/Attendee,

The **New England Dermatological Society** invites you to attend our upcoming clinical meeting jointly provided by the Massachusetts Medical Society and the New England Dermatological Society. This online meeting is hosted by the **Yale School of Medicine Department of Dermatology** and will be held on **Saturday, October 2, 2021**.

This is a great opportunity to review 12 interesting clinical cases. We expect that approximately 200–250 dermatologists and dermatologists-in-training will attend.

In addition, please save the dates for the upcoming New England Dermatological Society meetings.

Sincerely,

Avery LaChance, MD, MPH

Secretary, New England Dermatological Society

New England Dermatological Society

Yale School of Medicine Department of Dermatology

Online Clinical Meeting

Accreditation Statement

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through joint providership of the Massachusetts Medical Society and the New England Dermatological Society. The Massachusetts Medical Society is accredited by the ACCME to provide continuing medical education for physicians.

AMA Credit Designation Statement

The Massachusetts Medical Society designates this live activity for a maximum of 4.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

As a result of participating in this activity, learners will be able to:

1. Identify signs, symptoms, and pathophysiology of dermatological disease and conditions, including some rare and unusual dermatological diseases.
2. Formulate a diagnosis, describe evidence based on best practices for treatment of dermatological diseases and conditions.
3. Understand the evidence regarding use of JAK inhibitors in patients with granulomatous disorders.
4. Review mechanism and potential adverse effects of JAK inhibitors.
5. Distinguish differences/similarities in the presentation of skin disease in different skin types.
6. Participants will also participate in up to 2 (out of 23 available) Breakout Sessions where additional learning objectives apply. See next page for a listing of topics and moderators.
